

STRENGTH AND DURABILITY HAVE A NEW BENCHMARK

RAMPTECH® CRUSH-PROOF LAVATORY HOSE

is constructed of high-tech thermoplastic polyurethane and reinforced with a super tough, resilient urethane helix.

The resiliency of the helix, when combined with RAMPTECH®'s specially formulated thermoplastic polyurethane materials, gives the Lavatory Hose ability to withstand all the challenges on the ramp.

The cuffs are thermally bonded to the hose, providing a tight, leak-proof, and dependable seal. The cuffs match all standard lavatory fittings and connections.

RAMPTECH®'s highly durable design and unparalleled smooth interior finish deliver consistent unrestricted flow.
